

## **Blanco Mixer Tap WARRANTY**

The limited warranty covers factory defects in materials and workmanship for a period of 2 years subject to the conditions described below:

This limited warranty is provided to the original consumer owner only and not subsequent owners of the residence in which the product was originally installed.

It is an express condition of this warranty that your Blanco mixer tap is cleaned and wiped down after every use to remove excess dirt and water. Liquids and detergents coming into contact with your mixer tap will cause damage to the mixer tap if care is not taken.

The warranty starts from date of purchase from Larson.

Please register your product online at [larson.co.za](http://larson.co.za) within 14 days of purchase to validate the warranty.

### **Not covered**

The limited warranty does not extend to and expressly excludes:

- Losses or damages or the inability to utilise your Blanco mixer tap resulting from conditions beyond the Manufacturers control, including without limitation, accident, alteration, misuse, abuse, neglect, negligence, failure to install correctly, maintain, assemble or mount the Blanco mixer tap in accordance with the Manufacturer's instructions or local plumbing codes.
- Wear-and-tear expected to occur during the normal course of use, including without limitation, rust, scratches, dents, chips or expected signs of use.
- Damage to the mixer tap caused by blows, knocks, scratches or stains.
- Damage or discolouration to the mixer tap caused by poor water quality, limescale or hard water.
- Damage to the mixer tap caused by acids or harsh chemicals including but not limited to drain cleaners, bleaches or stain removers.
- Damage to the mixer tap caused by corrosion or oxidation through contact with other materials.
- Damage to the mixer tap fastenings or flexi-hoses caused by stored detergents and cleaning agents. (Do not store detergents and cleaning agents under your sink.)
- Blanco mixer taps installed in commercial applications, industrial applications, outside areas or open areas (areas without walls, windows and ceiling)
- Blanco mixer taps installed in harsh environments for example boats, pool areas, braai areas or withing 500 meters of the ocean
- Noise or noise variation between units.

- Blanco mixer taps installed before the kitchen has been completely installed. (only install your sink and mixer tap after painting, tiling, granite installation, electrical work, cabinetry and plumbing has been completed.)
- Smells coming from the mixer tap.

**Note:**

A leaking Blanco mixer tap due to incorrect installation, misuse, poor water quality, damage or abuse is not considered a factory defect and does not fall under the warranty cover.

**No Other Express Warranty Applies**

This limited warranty is the sole and exclusive warranty provided to the customer identified above. No other express warranty, written or verbal applies. No employee, agent, dealer or other person is authorised to alter this limited warranty or make any other warranty.

Larson or Blanco will determine, in its sole and absolute discretion, if your Blanco mixer tap is covered under this limited warranty.

If a covered claim is made during the warranty period, Larson will, through its authorized service representative, issue you a replacement Blanco mixer tap. The replacement mixer tap will be delivered free of charge to you provided it falls within 100kms of Ethekwini, Johannesburg, Port Elizabeth or Cape Town. Installation of the replacement mixer tap will be for your own account. Replacement shall be determined by Larson in its sole discretion. If Larson determines that your Blanco mixer tap must be replaced, the limited warranty on the replacement Blanco mixer tap will be limited to the unexpired term remaining in the original warranty period.

Should the defective Blanco mixer tap be out of stock or discontinued, Larson will offer a suitable alternative.

**Limitation Of Liability**

To the extent permitted by law, in no event shall Larson or its authorized service representatives be liable for any incidental, special, indirect or consequential damages, including any economic loss, whether resulting from non-performance, use, misuse or inability to use the Blanco mixer tap or the manufacturer's or its authorized service representative's negligence. Larson and the manufacturer shall not be liable for damages caused by delay in performance and in no event, regardless of the form of claim or cause of action (whether based in contract, infringement, negligence, strict liability, other tort or otherwise) shall manufacturers liability to you exceed the price paid by the original owner for the Blanco mixer tap.

The term 'consequential damages' shall include, but not be limited to, loss of anticipated profits, business interruption, loss of use or revenue, cost of capital or loss or damage to property or equipment.
